

## Meeting Minutes

State of Alabama  
County of Baldwin  
City of Fairhope  
Recycling Committee

The Recycling Committee met at 3:00 pm. at Fairhope Public Works, building conference room, 555 South Section Street, Fairhope, Alabama 36532, on Tuesday, January 19, 2016.

Members present were Nancy Anderson, Gary Gover, Mark Stejskal, Bart Cox, Stephen Delahunty, Ralph Webster, and Lee Faulk. The members absent were Kahley Malloy and Mark Stejskal. Also present were guest Paula Dicks, Dale Linder, Environmental Officer, and Mike Ford, City Council liaison.

The committee had a wide ranging review of facts and a discussion of the viability of materials recycling facilities available to the City. Local commodity markets have been impacted by global economic conditions such that it is not clear that we can predict that material recycling facilities will be available for the life of the recycling system we have recently recommended for the City. Therefore we will now recommend at the upcoming City Council work session that the City continue its current system until a future time when material recycling facilities might become available.

The next regular meeting of the committee will be at the same time and location on February 16, 2016.

The meeting adjourned at 4:00 pm.

Respectfully submitted,  
Gary Gover, Secretary

Approved: 3/15/16
