He mentioned the new engineering department would handle taking samples. Council President Burrell said we need to focus on an area and instill confidence back into the community; identify and try to fix the problems; and our citizens need an answer. Mayor Wilson said stormwater needs to be part of the Utilities; and for future developments. Mr. Peterson said he did not care about other origins, but we needed to take care of our own system.

There being no further business to come before the City Council, the meeting was duly adjourned at 5:45 p.m.
