RE: **RECOMMENDATION TO AWARD:**
46KV RECONDUCTORING AND SUBSTATION EXPANSION –
PROJECT NO. E001-12)

Dear Mr. Sligh

As you are aware on July 8, 2013 bids were opened for the 46kV Reconductoring and Substation Expansion, Project No. E001-12.

The six bids received were as follows;

P&G Power, LLC	\$249,762.94
East Bay Electric, LLC	\$254,354.00
Power Secure Inc.	\$313,500.40
American Site Builders LLC	\$399,929.94
Echo Powerline LLC	\$461,790.70
Chain Electric	\$710,772.42

P&G Power LLC was the lowest bidder, however the bid was submitted as incomplete due to "Bid Form page 28" as well as page "Bid Form Page 29" not having been submitted and notarized with specific contract language. After careful comparison, Custom Engineering Solutions recommends awarding contract to the second lowest bidder, East Bay Electric, LLC.

Custom Engineering Solutions has verified all unit pricing and appendices.

Sincerely

Fariborz (Mike) Noori
Senior Project Manager
