

## HISTORIC PRESERVATION MEETINGS

A meeting was held on July 31, 2014 with David Schneider from Schneider Historic Preservation, LLC to discuss update surveys for the Fairhope Downtown Historic District, the Bayfront Historic District, White Avenue Historic District and Montrose Historic District. Also, we requested that he review other areas of the city that might be eligible for survey and designation. David will have a proposal to our committee in two weeks. Attending this meeting were Donnie Barrett, Rich Mueller and Harriet Gutknecht.

A meeting was held on August 14, 2014 with Tim Kant to review the proposal received from Schneider Historic Preservation, LLC in the amount of \$9,366.00 to do the surveys that we previously discussed with him. The committee and the City of Fairhope have 60 days to sign a letter of agreement and send a retainer of \$500.00. Tim was receptive to the surveys being done and would have Rich Mueller present to City Council at the next work session which is scheduled for Thursday, August 21, 2014. Tim also mentioned the American Legion building on South Mobile Street and wanted our committee to see if we could assist them on renovations to the historic building. We told him we would discuss at the next committee meeting. Attending this meeting were Gary Gove and Harriet Gutknecht. Rich Mueller was unable to attend but had a copy of the proposal and had discussed with Tim.
